

PERSONNEL COMMITTEE REPORT

September 2016

Employment Milestones

The City of West Lafayette would like to express its appreciation to the following employees for having obtained a major employment milestone:

40 years

- James Hedden – Equipment Operator/Laborer – Street and Sanitation Department

15 years

- John King – Animal Control Officer/Bailiff – Police Department
- David Smith – Police Officer First Class – Police Department

Retirement

Congratulations to David Buck who retired as Public Works Director on September 23. Mr. Buck began his career as City Engineer before becoming Public Works Director in 2012. He is credited with designing the first-ever roundabout within city limits and was invaluable in advancing the City's many project improvements and infrastructure. His expertise was instrumental in helping to ensure that the State Street Redevelopment Project stayed on task and should finish near the end of 2018, in time for Purdue University's 150-year anniversary. Thank you Dave for your dedication and vision the past twelve years!
